organic and clean red spritzes

maisonmaxine.world

olivia@maisonmaxine.world

who we are

maison maxine makes organic and clean red spritzes, produced by Gubel Family Vineyards in Napa. Whole ingredients, sweetened with honey.

"reimagining red wine for the modern muse"

the shopper

Women 21 to 35, especially Gen Z and younger millennials. They read labels, skip the sugar bombs and still want something that feels like wine. They buy for hosting, the beach and the patio, and they care about the story behind what they buy.

flavor one

organic sangria spritz

Organic Petite Syrah, orange, apple and lemon. 6% ABV, 250 mL can, no refined sugar.

flavor two

cab spritz

red wine x ginger ale. organic Cabernet, lemon and honey. 5% ABV, 250 mL can, no refined sugar.

New cans: one bold color per flavor and an oversized wordmark, so a facing reads as a single block of color in the cooler.

sell-through

Our first production run sold out, and every account that has been with us long enough to reorder has.

"people pick it up for the can, and keep buying because of the flavor and clean ingredients."

★★★★★

"trust that my drink of choice is mm. in fact i don't even like drinking except for mm."

kayla c., new york

★★★★★

"i sampled some at monsieur marcel recently! i bought two cans and enjoyed them while on vacation in los angeles. i live in alabama and wondered if the spritzers might be available for mail order someday."

camille s., alabama
